An Open Letter to Albany

As the days of our new decade, the sixties, start rolling by, we relax and reminisce about the joys of the Christmas season.

We enjoyed sponsoring the Albany Christmas Home Decoration Contest; we enjoyed our beautiful Christmas Trail with all the brilliantly decorated homes. We decided, God willing, we will do it again next year.

Our deep and sincere thanks to the thirty-one civic minded Albany citizens who participated in the contest, and a big thank you to the judges, Mrs. Mabel Ryken, Mr. Frank Graeber and Mr. Robert Dennis and our appreciation to Fred Lennox of Lennox Photo Service for the pictures.

Chamber Chatter

By IRENE GROVE

The holidays are over... the decorations put away for another year and it is business as usual for Albany and your Chamber of Commerce... But it is 1960, a new year and a new beginning.

Your Chamber of Commerce is looking forward to 1960 with many plans for a year of progress and achievement for our city. But, remember the value of your Chamber of Commerce cannot be measured by the work it does this week, or month, or even this year... its force in the community spreads over long years of thinking and planning. A constructive moment begun today may not be realized until next year or years after that, but it may be observed that as the years roll by and improvements come and expansion is realized, you can date their inception back to the time when a group of men gathered in the Chamber of Commerce and talked it over. They kindled the spark that grew later into the flame of constructive effort; public sentiment fell in line and finally the thing was done.

The results are cumulative; the effects far reaching; your Chamber of Commerce is not just an organization; it is the spirit of the whole community and a medium through which any individual may work. We are proud to salute and

say "Happy Birthday" to one of Albany's oldest business establishments, Max's Liquors at the corner of Solano and San Pablo. Congratulations to Max and Kathryn Elingoff for 36 years in business in Albany.

Hope you didn't miss shopping in one of Albany's newest import shops during the holidays. It is Taki Imports at Richard's Jewelers, 1272 Solano Avenue. The store is stocked with beautiful easter oriental imports and at very reasonable prices... the service is friendly and wonderful... it is a fascinating place to see... browse and buy. Congratulations to Richard Yamashiro on this fine addition to Albany.

It was well worth waiting to see... a very special salute to Frank Cortese on the outstanding new front of Cortese Drug, (you can't miss the corner of Solano and San Pablo now). The very special original design, worked out by Frank himself, will be a traffic stopper for the whole area. The gold sign and golden moving mortars and pestles is one of the outstanding advertising signs in the whole East Bay.

It is a new year and a new decade... a whole fresh page open before us... a challenge to us all. Let's make 1960 a year of progress and achievement for your Albany Chamber of Commerce and the City of Albany.

Winter Olympics Topic at Rotary Luncheon Jan. 12

Dick Thomssen will be chairman of the day at next Tuesday's luncheon of the Albany Rotary Club, and will present Dan Vandament as his speaker. There will be a talk, illustrated with films, on the "Winter Olympics" at Squaw Valley. Vandament is an electrical and mechanical engineer. The luncheon will be held at Spenger's Restaurant on Fourth Street, just north of University Avenue, in Berkeley.

Last week Bert Griffin presented Arthur Frisco, State Safety Engineer, who gave an illustrated talk on "Safety Just Doesn't Happen." On Saturday, January 9, members of the club will visit San Quentin prison. The annual "Reno Trip" is set for January 23-24.

Senior Citizens In Final Meeting Of Year Dec. 29

The Senior Citizens of Albany met on the evening of December 29 at their club house at 850 Masonic for their last meeting of the year 1959. This was a short meeting, presided over by the president, William Mulligan.

The past Christmas meeting was discussed and it seems a slight omission was made in mentioning those who provided refreshments for the party. In addition to the cookies donated by Mary Valcaldia, a lovely cake was donated by Sam Barbuoto. Gertrude Garden donated the Christmas socks filled with candy and nuts. The table accoutrement was given by Julian and Katherine Kay.

Now that the holiday season is over the Seniors are beginning to once more concentrate on money making projects. They hope that when your householders are cleaning out your closets and getting rid of the old to make room for the new Christmas loot, you will be sure to call LA 5-6274 and the Seniors will be glad to take it off your hands for their rummage sale to be held February 10.

For any information as to the club or its activities be sure and call LA 5-6335.

ADAMS ST. REZONING APPROVED 4 TO 1

The Albany City Council approved the issuance of a "Use Permit", and also a "Conditional Rezoning" of property facing on Adams Street, by a vote of 4 to 1 at Monday night's meeting.

This action followed a prolonged hearing at which a score of speakers from the audience expressed their views for and against the proposals.

Discussed at length at several previous meetings of the council the matter came to a head at this week's session. Protests from a majority of property owners in the immediate area had been against the permit for installation of a parking lot on the 75 feet of Lots 20 and 21, Block 1, Regents Park No. 7; and also the conditional rezoning of the remaining 25 feet across the eastern portion of these lots, where the Berkeley-Lee firm desires to put up an addition to their automobile servicing and repair department.

Those opposed to the firm's request based their arguments on the fact that, most of the blocks on the east side of Adams have commercial establishments bordering on that street, the 700 block has so far been confined to private residences. The owners claimed they had been advised expansion of the Berkeley-Lee plant would depreciate the value of their property.

Arguments in favor called attention to the 15-year progress of the automobile firm; its desire to spend \$100,000 on an expansion program, and the fact that expansion into neighboring areas by established commercial firms is inevitable in the circumstances.

In view of the high percentage of opposition by property owners in the immediate area the proposal required a minimum vote of 4 to 1 in order to pass. Mrs. Zahn voted "No" on the ground that commercial zoning should not be permitted to encroach upon the residential areas. Following the vote it was intimated that a referendum would be presented by the opponents of the move in a further effort to block the council action.

The council also accepted the resignation of City Engineer John D. Dayton, and instructed the city clerk to advertise for applicants in various professional magazines. The post pays from \$700 to \$750 a month, plus \$60 a month car allowance. The council authorized appointment of John Anderson as Assistant Superintendent of the Street, Plumbing and Building Departments at a salary of \$620 plus a \$60 car allowance, pending appointment of a new city engineer.

Councilman Lewis M. Howell brought out the fact that the State Controller has just issued figures on the three quarters of the Sales Tax showing returns to Albany in 1958 of \$40,853 compared with \$34,758 for the same period of 1959, an increase of 34 per cent.

City Clerk Myrtle J. McLean stated that nominations for city offices must be made between Jan. 28 and 12 noon on Feb. 18. Also that transfer of registration, or of new registration must be made by Feb. 18 in order to be eligible to vote at the election on Tuesday, April 12.

Homemade Applesauce—In Minutes

Now you can have delicious homemade applesauce in a matter of minutes. No cooking or sieving of the apples is necessary if you use an Osterizer liquefier-blender. Since the apples are not cooked, be sure to add Fruit-Freeze (ascorbic acid mixture) to keep the fruit fresh and to prevent it from browning.

BLENDER UNCOOKED APPLESAUCE

- 1/4 cup water or fruit juice
- 1 tablespoon Fruit-Freeze (ascorbic-acid mixture)
- 1/4 cup red cinnamon candies
- 5 medium red-skinned apples.

Combine water, Fruit-Freeze (ascorbic-acid mixture) and cinnamon candies in the glass container of the electric blender. Wash and cut apples into quarters, then into eighths crosswise. Add four or five apple pieces to the liquid; cover, and turn to high speed until smooth. Add remaining apple pieces, a few at a time, and continue blending until smooth. Chill in refrigerator. Makes 3 1/2 cups applesauce.

To keep the commandments of our Master and follow his example, is our proper debt to him and the only worthy evidence of our gratitude for all that he has done."

Give them a Faith to live by

Worship with them this week

Naturally you want them to have all the good things in life . . . a happy home . . . a good education . . . plenty of chances to meet other nice young people. But be sure to give them the most precious gift of all . . . Faith.

The wonderful part is that faith is yours to give . . . no matter who you are, what you do for a living, how much money you have in the bank.

Faith is the gift you give a little at a time. Every week you worship with the children at your church or synagogue. The youngsters see you . . . the biggest, smartest, most important people in their world . . . asking God for help, thanking Him for blessings. Then it's clear to them . . . here they can always find the strength they need, always find the happiness they want.

Then you've done the best a parent—any parent—can do.

Kensington Svc. Board Issues Policy Statement

The following statement regarding its policy on the Arlington-Ardmore Road "gore lot" has been issued by the board of directors of the Kensington Community Service District, "in an effort to clarify the issues involved":

During the past several months considerable newspaper publicity has been given the "gore lot" at the intersection of Arlington Avenue and Ardmore Road. These articles called attention to the fact that the Directors of the Kensington Community Service District had been, or were to be, requested to condemn this property for a Park, under the district's Park and Recreation functions. This gore lot, along with others, has been the subject of contention for about five years, and with particular emphasis during the past year.

Early in 1959 the present District Directors reaffirmed a stand taken by a previous Board of Directors; that the District had no intention of condemning the gore lot (or lots) for park purposes. Later the Board was criticized by a very articulate and determined group who are opposed to the plans of the owner of the property, and by the Kensington Improvement Club, for having taken this stand. This criticism was to the effect that the Directors had not acted in the public interest. They felt also that the District should buy or condemn this one gore lot immediately, without further pre-
